

What Shape Am I?

1. *I have... 4 sides, 2 pairs of parallel sides and all my angles are right angles...*

Answer:

Draw me:

2. *I have... 3 sides, 1 line of symmetry and no parallel lines...*

Answer:

Draw me:

3. I have... 3 sides, 3 lines of symmetry and no parallel lines...

Answer:

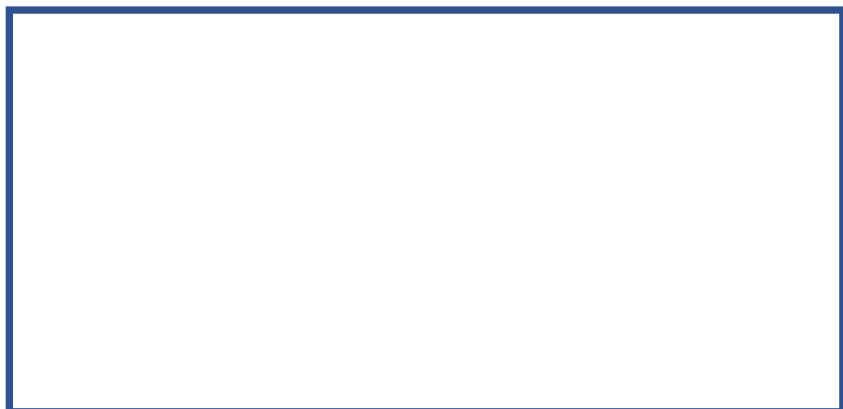

Draw me:

4. I have... 3 sides (but none are equal), no lines of symmetry and no parallel lines...

Answer:

Draw me:

5. I have... 4 sides, 4 lines of symmetry and all my angles are the same...

Answer:

Draw me:

Challenge!

6. I have... 4 sides, opposite equal sides, 0 lines of symmetry and 2 pairs of parallel sides...

Answer:

Draw me:
