LO: To research about Hispanic food.

LA COMIDA HISPANA

Many of you have told me that you would like to learn a bit more about traditional food.

I would like you to research about this topic first and then I will make a video about it.

RESEARCH

I would like you to research about hispanic food, that is, food that is traditional in Spanish speaking countries. Remember that Spanish is spoken in 21 countries.

What do I need to do?

Research about one traditional Hispanic dish and create a little presentation. Include:

- 1.- Name of the dish
- 2.- Origin of the recipe (in which country do they eat this dish?)
- 3.- Mention the main ingredients.
- 4.- Images.

You can use google translate to help you with this project.
I have done one example for you - check next slide.

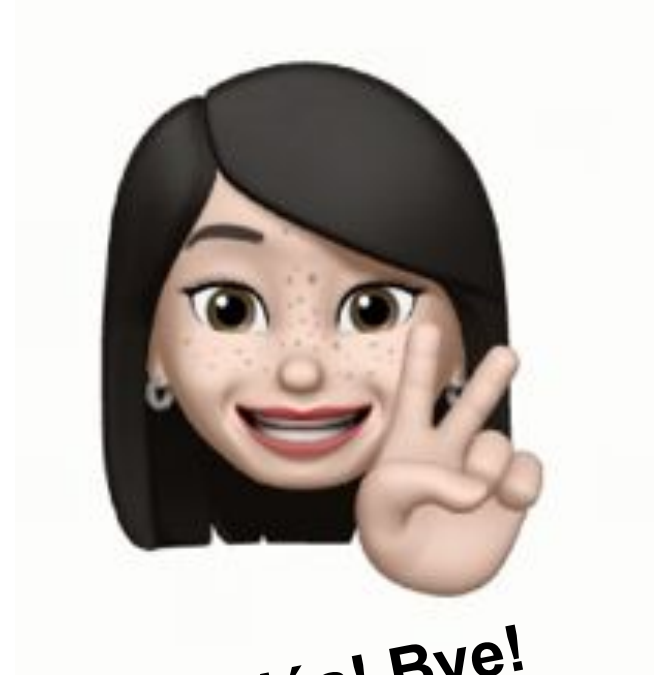

GAZPACHO

PAÍS: ESPAÑA

El gazpacho es una sopa fría de tomate.

¡Buen trabajo! Good job!

¡Adiós! Bye!

**¡HASTA PRONTO!
*SEE YOU SOON!***
